Revigo TreeMap

purine-containing compound metabolic process	carbohydrate derivative biosynthetic process	nucleobase–containing compound biosynthetic process	nthetic process biosynthetic process		carbohydrate derivative metabolic process
		heterocycle biosynthetic process			carbohydrate derivative metabolic process
purine-containing compound biosynthetic process	purine-containing compound bio organophosphate biosynthetic process	synthetic process			
		phosphorus metabolic process	cellular aromatic compound metabolic process		organic cyclic compound metabolic process
organophosphate metabolic process	nucleobase–containing small molecule metabolic process				
		nucleobase–containing compound metabolic process	heterocycle metabolic process	organonitrogen compound biosynthetic process	small molecule metabolic process
